

I'm a long time patient and customer of Super Vision Center. I highly recommend them and after your experience here you will know and understand why.

As you walk inside you are welcomed in by their friendly staff to a beautiful, clean and well-appointed office. You never wait long before you are called back and you are moved through the first part of the exam effortlessly.

Next, you are delivered into Dr. Berke's chair, who finishes the eye exam. He is thorough and knowledgeable and his exams are both fun and informative. He is always happy to answer any questions you may have regarding your personal set of peepers and he will make you laugh along the way.

Tina, Dr. Berke's wife, is the eye wear fashionista and stocks their store with a wide selection of stylish up-to-date frames. With every visit it's always hard to choose just one but that is where the talented, Loraina come into the picture. She is so fun to shop with and has such an eye for which one will flatter and frame your face best. She helps you complete the package by adding special touches such as popular colored mirroring and/or protective eye coatings to enhance your vision and compliment your eye wear even more! All their staff is so wonderful to work with!

Thank you Super Vision Center for your excellent customer service and for taking such great care of me (and my eyes) for all these years!
